

Julia Shulman, MD

Dr. Shulman's practice includes both adult and pediatric retinal disorders, as well as posterior uveitis.

Dr. Shulman is a board certified ophthalmologist and vitreoretinal surgeon. Dr. Shulman graduated from Mount Sinai School of Medicine in New York. She completed her residency in ophthalmology at New York Eye and Ear Infirmary, where she was chief resident, and completed her retina fellowship at Moran Eye Center at the University of Utah.

Dr. Julia Shulman has recently published book chapters on Cryptococcosis and Corticosteroids in Diagnosis and Treatment of Uveitis, 2nd Edition, Retinopathy of Prematurity: Current Understanding Based on Clinical Trials in Pediatric Retina, and Trans Pars-Plana Sub-Retinal Fine Needle Biopsy in Surgical Management of Intraocular Inflammation and Infection. She is the author of AAO's Focal Points module on retinopathy of prematurity, published in 2015.

Dr. Shulman has presented at international meetings including American Academy of Ophthalmology (AAO) and American Society of Retina Specialists. She has been an invited speaker at the Retina Society and the American Society of Pediatric Retina Specialists.

Dr. Shulman is actively involved in teaching and is currently the residency program director at Jamaica Hospital Medical Center. Additionally, Dr. Shulman screens and treats premature infants with retinopathy of prematurity (ROP) in the neonatal intensive care unit (NICU) at Jamaica Hospital.

Dr. Julia Shulman is fluent in English, French, Hebrew, Russian, and Spanish.
